

VARIED ARRAY OF PRODUCTS FOUND IN INDUSTRIES TENT

The tent of Varied Industries at the fair is one of the most valuable exhibits of the fair. It is a large building, built by the housewife who takes an interest in her home, and it is a place where the housewife can find everything she needs for her home.

A surprising feature of the exhibit is the fact that most of the exhibits are home products, made and manufactured by the housewife.

The Varied Industries exhibit is a place where the housewife can find everything she needs for her home. It is a place where she can find the best of everything at the lowest prices.

Estimate Value of Exhibits at Fair to Be \$10,000,000

ANTHONY A. TREMP
Director Exhibits Fresno District Fair

Three hundred separate exhibits comprising articles from a spark plug to a costly automobile, valued in the aggregate at \$10,000,000 are on display at the Fresno District Fair this year, according to the statement made by Anthony A. Tremp, director of exhibits and concessions.

The industrial exhibit, he states, is twice as large as that at the State

fair, while in size and number, it states that the exhibit at the fair this year has never been bettered in the history of Fresno fairs or in the state.

For five months Tremp has been working unassisted to assemble the exhibitors and advise them in the preparation of their displays, while the result is shown in the exhibits at the fair.

The fair has been an artistic collection with the minimum of duplication and an unprecedented number of exhibits.

In automobiles alone at the Fresno fair, a million dollars is represented, Tremp states, the exhibit being one of the largest ever assembled showing all manner of new models and with almost every make of machine represented.

In the 500 exhibits are 200 by state and national manufacturers. Tremp says, while the Fresno manufacturers and business houses are showing exhibits at the fair.

In return for the space and the fair will reap the greatest benefit, in its history, from the exhibits and concessions, the director of the department states. This was done without increasing the cost of the fair.

The amusement and concessions have been greatly enhanced and improved this year over previous shows.

Although concessions of this kind cannot be made beautiful, they are an important adjunct to the attractions at the fair and were increased with the utmost of care this year, the director says.

There are more than 100 amusements and concessions in the grounds and the opportunity of appearance has been maintained by making the concessions beautiful on the same design.

The restaurant space has been increased three times over that of last year and in addition to a large restaurant, a cafeteria has been added and a new building constructed devoted to the lunch stands. City prices are charged at the concessions.

NOT GUILTY IS LIQUOR VERDICT

Defense Victory Expected to Bring Dismissal of Two Defendants

On the second day of a trial in Judge H. J. Austin's department of the superior court yesterday, found Adam Weinberger, former partner at the Harris saloon and racketeer, a former saloon and racketeer.

As the result of the verdict for the defense in the hard fought case it was expected that H. J. Austin, the prosecutor, would today move in court for a dismissal of similar charges against Adam Weinberger and J. E. Martin, alleged to have been in on the liquor traffic.

Questioned by the court at the conclusion of the trial, Austin said the disposition of the pending case would depend largely on a conference to be held during the day with M. G. O'Hara, special counsel, who was retained by H. J. Austin of the state management.

Although he treated his case in main on a claim of a liquor-selling partnership between the two defendants and the complaining witness, Attorney Lewis Smith, chief counsel for the defense, called for re-entrant witnesses, who, he said, were prepared to testify they had purchased the liquor from Harris since the national prohibition laws became effective.

The objection of the prosecution to this testimony was sustained by the court as not pertinent to the issue of the theft. Weinberger, appearing as a witness in behalf of his alleged arrangement with Harris to sell the whiskey removed at a price of \$10 a quart and on a commission of 25, exhibited a check for \$195 in favor of Harris, which, he claimed, was payment for a part of the liquor.

Harris was again called to the stand.

Dedicate Rangers' Club House, Yosemite

With a simplicity worthy of the occasion as the sun disappeared over the Three Brothers, known to the Yosemite Indians as Pom-pom-pa-sis, (Father's House), S. T. Mathew, director of national parks, dedicated the Rangers' Club house, in Yosemite on September 27.

The keys of the house were presented to Supt. W. B. Lewis and Lewis passed them to Chief Ranger Tompkins. The dedications of the house have been donated by friends of the Yosemite. Mr. United States, well known in San Francisco, presented the beautiful curtains while all the studios in Yosemite gave pictures.

HYPATIAS MEET
The Hypatias of the Fresno high school met yesterday afternoon, when Mr. St. John of the faculty gave the first of a series of lectures on debating. The program included also a monologue by Blanche Collins.

for rebuttal by the prosecution and save a vastly different version as to the meaning of the check. He declared Racovich, who had been his clerk, was caught in an underhanded, really transaction and to avoid going through with the deal turned his back on him.

The statements in the case were made by Deputy District Attorney Darling for the people and Lewis H. Smith for the defense.

Parents Must Compel Attendance of Minors

In as much as the law compelling attendance upon part-time school has been in effect in California so long, it is not surprising that the provisions relating to the duty of parents or guardians are perhaps not well known, according to an announcement at the Fresno high school yesterday.

Each parent, guardian or other person having control or charge of any minor between the ages of 14 and 18, not now attending a full-time day school or a graduate of a high school must compel the attendance of such minor upon part-time classes.

No minor may work without a permit granted by the principal of the high school. These permits may be obtained at the office of the part-time high school, west annex, of the high school building, room W-11.

Domestic Tragedy Revealed in Suit
A domestic tragedy was revealed in an action instituted yesterday by Pearl Boyd Gard for the annulment of her marriage of December 20, 1913 to Ernest A. Gard.

The plaintiff declares that her supposed marriage is rendered invalid by the fact that Gard had not been divorced from his former wife, who was still living. The birth of her four-year-old son, Gerald E. Gard, she asks the court to legitimize, and to compel the father to make adequate payment for the support of the youngster.

SCORES PUBLIC RAIL CONTROL

General Atterbury Declares Issue Demands Attention

HARRISBURG, Pa., Sept. 29.—General W. W. Atterbury, vice president of the Pennsylvania railroad, addressing the Harrisburg chamber of commerce today said in his opinion the "nationalization of the railroad through national agreements and national boards of administration" is one of the most important questions now before the public. Labor leaders, he added, do not deny that they have it in mind.

After asserting that the efficiency of operation during federal control and the subsequent transition period had fallen to 75 per cent, measured by production per hour, and urging a return to pre-war efficiency, General Atterbury said:

"We have a national board of administration we shall inevitably return to political domination in railroad labor matters, permanently impair the disciplinary powers of the officers and force the closed shop on all the railroads."

COPENHAGEN, Sept. 29.—A committee formed by leading Danish ship owners has applied to the government for a concession enabling them to erect their own wireless stations and to take over all private wireless business in Denmark. The plan, it is understood, is viewed with approval in government quarters.

ers of dairy herds as well as single cows, is not mandatory by the state law, which states that the cows must either be inspected for tuberculosis or else the milk pasteurized. If an animal is found to be infected with tuberculosis it is not necessary to kill the animal, but it is necessary to the owner must either stop selling the milk or have it pasteurized. Iversen states that a great deal of the tuberculosis and diphtheria in communities may be traced to the milk, showing the advisability and necessity for watching the dairy milk supply.

At the bench the department is also registering the brands of cattle as required and approved by the cattleman's association. An interesting display shows both the old-fashioned and latest ideas in branding tools, while a dehorning tool is also shown approved by the organization and designed by the president of the cattleman's association.

Mexicans Dismiss Colonel Villareal

MENIGO CITY, Sept. 29.—Colonel Roberto Villareal has been dismissed from the army for having participated in Sunday's demonstration, during which incendiary speeches were delivered from the central balcony of the national palace. These members of the cabinet of deputies and Luis Morones, a former Carranza agent, have been cited before the federal courts by the attorney general for the same offense.

Colonel Villareal is the director of the department, while he also is the chief of the department of plant industry. Dr. P. J. Iversen is the head of the department of animal husbandry, and Prof. George T. Gray is the head of the plant inspection, and Mrs. Margaret Colson of the grade standardization and inspection. Specimens of standard packs of grapes are shown in this department. Dr. George Gordon is also in the animal department.

CALL FOR BIDS HIGHWAY UNITS

To Pave Eight Miles of Fresno County on Huron Road

SACRAMENTO, Sept. 29.—Following the order of the state highway commission, the state highway commission today called for bids for the following highway units: Construction of six miles in Sutter county between Yuba City and Wadsworth; Construction of eight miles in Fresno county between the Huron road and its eastern boundary; Paving of 12 miles in Kings county from its western boundary to a point one mile west of Lemoore.

MORE RIOTING IRISH TOWN

LISBURN, Ireland, Sept. 29.—There was further rioting last night between Sinn Féin and Legationists, resulting in the wrecking of three establishments.

CORK, Sept. 29.—(By The Associated Press).—The rioting of the town of Malin, county Cork, last night followed promptly on the Sinn Féin riot of yesterday in which the military barracks were raided and a sergeant was killed. Not the "black and tans" but the "blacks and tans" were the rioters. They burned the town hall and some of the buildings, including the cemetery and the principal shops. There was much promiscuous shooting by the soldiers, but no casualties have been reported. The fire was still burning this forenoon.

The Cork fire brigade was summoned at Malin at 10:30 a. m. but owing to the curfew law it was made unable to respond until after 2 o'clock. Meanwhile the flames made great headway.

The rioting, featuring reprisals for the raid on the barracks, took place in the town of Malin. Many of the houses were heavily damaged and the rioting began at midnight and as the flames swept through the town the inhabitants who had remained at home rushed into the streets or the neighboring fields.

Indict Oil Company on Fraud Charges

NEW YORK, Sept. 29.—An indictment charging illegal use of the mails to defraud was returned by the federal grand jury against the Stanton Oil Company, K. M. Stanton Company, Inc., Brokers and three alleged promoters, Katherine M. Stanton, Frank A. Dwyer and Al. Hart, J. (Frank).

The company, capitalized at \$5,000,000 in shares of \$100 value, had not been in business two weeks when an indictment of 20 counts was declared, according to Federal Attorney Simmons. Although at one time more than two hundred barrels of oil a day had been shipped from the company's holdings in West Virginia and Texas, it had produced 1,200 barrels as the daily production, said the federal attorney.

ST. PAUL, Minn., Sept. 29.—Lillian Friedman was filed as a candidate for lieutenant governor by the Socialist party of Minnesota today and is the first woman entered for a state office at the November election.

To "Youth-ify" Gray, Streaked Hair

Ask anyone to guess how old you are, and you'll hear how old you are. The answer is: "You can't be more than thirty." I can tell by your hair. It's not the color, it's the way it falls. It's not the color, it's the way it falls. It's not the color, it's the way it falls.

But to become prematurely gray at 25 or 30, to look 40 years older than you really are—that is indeed a bitter experience. However, any woman can have a hair of youthfulness, restful, gray, faded and streaked hair, by using the hair cream that I am selling. It is not the color, it's the way it falls. It's not the color, it's the way it falls. It's not the color, it's the way it falls.

At all drug stores, 25 and 50c. Two colors: "Glamour to Medium Brown" and "Dark Brown to Black."

BROOKLYN PLAYERS FACE CHARGE 1920 SERIES TO BE SOLD

(Continued from Page 1.)

Chuck Gaudin, happy, present and new, sold.

"Yes, Weaver is there."

"We asked Gaudin when we were going to get the \$10,000 that Burns and Atoll were supposed to give us. He said they are supposed to give me each some twenty or thirty thousand dollars. It then gave him that I knew nothing of it at all."

"When did he say you would get some money?"

"I didn't say; he didn't make no statement. I was supposed to first to get so much—get \$10,000 after the second game. I didn't receive it until after the fourth game."

"Did you keep the \$10,000?"

"I did not. I kept \$5,000 at it. Five thousand was for you and \$5,000 for Jackson."

"After the series you were to have gotten \$10,000 or \$20,000?"

"In all I was supposed to get \$20,000 and Jackson to get \$20,000. Did you ever ask Gaudin or any one else?"

"I never even talked to Gaudin from that day to this."

"Did any of the other ball players talk to you about it?"

"They have never mentioned it to me."

"Do you know how much Weaver got?"

"I could not say. None of the other boys ever told me a word of what they got—whether they got a penny or not. That is all I know. I went to Gaudin's room; he was there; there was the money lying—two packages, two envelopes, saying 'there is your dough.' I picked it up and went right back down to a taxi cab and went right back to the hotel where I went in and there a half of the money was in the bathroom or in the bedroom. I went say which; we had a big fight there but I went in the other room and I said there is supposed to be half of it."

Questioned as to how he knew what was in the envelope, Williams said:

"Gaudin told me 'there is five for yourself and five for Jackson and the rest has been called for.'"

"And that was after the fourth game?"

"That was after the fourth game."

"Did you know what game the Sox were to lose to all this money they were getting?"

"Why, they were supposed to lose the first two games to Cincinnati; and I never did hear whether they were to lose or to win the one with Keen."

Dick Keen pitched the third game and won it."

STANFORD TO TRAIN NURSES

Let Contract For \$400,000 School Building.

San Francisco

STANFORD UNIVERSITY, Sept. 29.—A. H. Roth, chancellor of Stanford University, announced today that a contract had been let for a \$400,000 building for a school for nurses to be operated in connection with Stanford and Lane hospitals in San Francisco.

The school will be equipped to care for two hundred student nurses and in addition will supply courses to fit women for administrative positions in hospitals.

"It will be under the jurisdiction of the Stanford University medical college and will comprise a unit of a women's hospital and a children's hospital. According to the university authorities it will be one of the finest equipped schools of its kind in the United States."

Questioned as to how he knew what was in the envelope, Williams said:

There's a new style note

You will see the new style note this fall wherever the best-dressed people gather---in homes or at clubs, at play or at work---The new style is a welcome change to most men. It's a change from the high-waisted, pinched-in and skirted effects to ample-chested, full coats that hang almost straight from the shoulders. Vents will be shorter, noticeably shorter, in fall suits.

Society Brand Suits for fall embody correctly these style changes. The highest priced and proudest custom tailor in town is cutting his fall suits along these lines.

We have the style in Society Brand Suits. Also the fabrics and the fine tailoring. A call at our store is like visiting an exhibit of advanced style.

Mammoth Closing Out Sale!

THE ENTIRE STOCK OF THE WAIST SHOP

The Hand of Plenty Offers
the Greatest Bargains
in Your Career

914 J Street Fresno

Has Been Turned Over to

F. N. ALMSTEAD & CO.
OF LOS ANGELES

who have positive orders from the proprietor of The Waist Shop, to close out the entire \$25,000 stock of Waists and Blouses at less than the goods could be bought for at actual wholesale. Also to place big unheard of reductions on Corsets, Skirts, Hosiery, Silk Underwear, etc.

A STATEMENT To The PUBLIC

I have turned my store over to F. N. Almstead & Co. of Los Angeles, the Sales Specialists, and have given them positive orders to close out my entire stock of Waists, etc., as I am not going to carry this line in the future but will devote my store to Corsets, Hosiery, Underwear, etc. The lines which I am closing out comprise over \$25,000 worth of merchandise, the very best and newest creations that the market affords, and my orders to The Almstead Co. are to close out these lines in the shortest possible time, regardless of the loss. All I ask of them is to realize somewhere near what the goods cost me months ago.

Signed:---

The Waist Shop

F. N. Almstead & Co. In Charge A Sale No Woman Can Afford to Miss

The Almstead Co., who have been placed in charge of the store to handle the sale, have positive orders to stop at nothing in closing out the stock of waists and turning the merchandise into cash. This places before the ladies an opportunity to stock up for months to come at prices that could not be duplicated at wholesale. It is absolutely imperative that this stock be closed out in the shortest possible time and we are placing prices in plain figures on every article in the store that will sell it on sight. Cost and profit are entirely lost sight of in this sale, for we realize that low price is the only thing that will make the people buy and turn this mountain of merchandise into cash.

The proprietor of this store assures you on her reputation that every word of this advertisement is true, and that during her years of business has never attempted anything so far-reaching as this sale will be. She values her good name and your future patronage too well to make any statements that are untrue. Many people will think I am going out of business when they see the ridiculously low prices at which I am placing this stock on sale, but such is not the case. I am closing out my entire stock of waists at prices that will be the lowest in the history of Fresno. When you step into the store and see the prices that prevail you will wonder that such merchandise selling is possible.

Sale Opens Friday, October 1st, at 9 A. M.

LOW TRADE BALANCE NOT BAD CONDITION

WASHINGTON, Sept. 28.—The so-called reduction in the unfavorable trade balance of the United States as evidenced in the foreign trade of the country during August, has been expected for months and in no way reflects an unusual economic condition in the nation, according to a summary of trade conditions by O. P. Hopkins, acting director of foreign and domestic commerce.

Several factors have been working to reduce the previous enormous excess of exports, which fell from \$111,000,000 in July to \$65,000,000 in August, Mr. Hopkins said. Foreign countries have been awaiting a general break in commodity prices and orders have been withheld, he said. Readjustment of price levels, he added, would undoubtedly mean increase in overseas shipments.

When the present period of adjustment is passed the American exporter should hold his own in the foreign markets he lately won, Mr. Hopkins declared, although he did not believe the excess of exports over imports would ever again reach the proportions attained during and shortly after the war.

18 Year Old Girl Takes Charge of Finger-Print Bureau

Pauline Buente, who despite the fact that she is but eighteen years old, has been placed in charge of the California State Finger Print Department. The young lady is a finger print expert. An increase in crime is predicted by California officials, for pretty Miss Buente must hold the hand of the "criminals" when making finger prints.

REPUBLICANS NAME OFFICERS

Raymond Benjamin Re-
Elected Chairman of
State Body

SAN FRANCISCO, Sept. 29.—Raymond Benjamin of San Francisco, was re-elected chairman of the Republican state central committee for a two-year term at the first meeting today of the committee since its election at the state convention at Sacramento a week ago.

Other officials chosen were: First vice chairman, Louis M. Cole, Los Angeles; second vice chairman, Mrs. Louise Harvey Clark, Riverside; third vice chairman, Mrs. Elizabeth Phillips, Porterville; fourth vice chairman, Mrs. J. H. Howe, Berkeley; secretary, Mrs. Elizabeth Hughes Orville, treasurer, Alfred Greenbaum, San Francisco; sergeant-at-arms, Fred E. Stewart, Oakland; O. M. Francis, of Napa was chosen as presidential elector from the third congressional district in place of J. E. Hanks, of Richmond, disqualified by reason of being a director in a national bank.

NEW YORK, Sept. 29.—Nicholas Copulsky, American Red Cross agent, and an employee of the committee on public information during the war, is being held at Ellis Island pending investigation of his alleged connections with radical and communist elements in this country and Europe. Copulsky arrived today on the Mauretania.

U. S. IS LARGEST ARGENTINA BUYER

BUENOS AIRES, Sept. 29.—The United States has taken first place among the nations from which Argentina buys goods, according to figures from 1919 to 1920 which have just been completed and made public by the Minister of Finance in 1920 imports from the United States were valued at \$23,198,368 while in 1919 they amounted to \$22,558,322. The increase in value was 2.8 percent although the actual increase in goods received from the United States was only 5.7 percent.

In 1910 the leading nations exporting to Argentina in the order named were Great Britain, Germany and the United States. In 1919 they were the United States, Great Britain and Brazil. The United States took the lead from Great Britain in 1917 and has since maintained it.

Imports from Germany, which in 1910 were valued at \$65,190,311, in 1919 came to \$1,596,215. Japanese goods were sold in Argentina in 1919 to the extent of less than \$1,000,000, while in 1919 Japan exported to this country goods worth \$2,800,000.

CLAIM SYNDICAL VICTORY, ITALY

Metal Workers' Agreement Expected to Check Strikes

WASHINGTON, Sept. 29.—The agreement reached between organized labor and the operators in the Italian metal industry "is a victory for the syndicalists," said a message to the department of commerce today from Alfred P. Dennis, American commercial attaché at Rome.

"There is corresponding discouragement on the part of stockholders and high salaried leaders of industry," said Mr. Dennis' cablegram. "It is generally apprehended by capitalists that the principles of this agreement will be extended so as to apply to textiles and other industries."

"There is no warrant for the conclusion that the country has accepted a Soviet control of industry and that confederation is limited. The syndicalization of labor in the control of industry as now conceded amounts to giving workmen a voice in financial and technical administration with facilities for ascertaining what profits are made and how these profits are applied. Competent observers regard the settlement as the only means of increasing production and checking an epidemic of strikes."

President Pardons Defaulting Banker

WASHINGTON, Sept. 29.—Howard W. Shawalter, a banker of Farmington, W. Va., who was sentenced to five years in federal prison in 1917 for misapplication of a national bank fund, was granted a pardon today by President Wilson.

NEW NAMES ADDED TO IRISH COMMITTEE

NEW YORK, Sept. 29.—Two United States senators, a Protestant clergyman, editor, and a mayor, have been added to the committee of the United States Senate on the Irish question today. They are United States Senator Charles McNary, Oregon, and Joseph E. Smith, Louisiana, Rev. William Austin Smith, editor of The Churchman, of the United States, and Mayor George E. P. C. Heck of Toledo, Ohio. The committee was formed to investigate the Irish situation in Ireland, with special reference to reported atrocities.

The committee today sent cable messages to Ireland requesting the acting lord-mayor of Cork, the lord-mayors of Belfast, Londonderry and Theobald, the chairman of the town council of Lisburn and George Russell (A. E.) Irish publisher and associate of Sir Horace Plunkett, to come to this country to testify before the members of the committee who will hold public hearings in Washington.

A list of all persons asked to appear before the commission was sent to Sir Auckland Geddes, the British ambassador at Washington, the committee, announced. The ambassador was requested to transmit the list to the British government. The list also was sent to Hermann De Valera, now in New York.

Italian Societies Seize Royal Estates

LONDON, Sept. 29.—Estate owned by King Victor Emmanuel of Italy at Santa Maria di Capua Vetere, have been seized by members of local agricultural societies, according to a dispatch to the Exchange Telegraph company from Rome. No opposition was offered to the persons seizing the property. It is said.

DRUNKS IN NEW YORK FIND INTOXICANTS

NEW YORK, Sept. 29.—Surveillance of arrests for drunkenness in New York City during 1919 and 1920 indicate that "people who use alcoholic drinks are adapting themselves to the situation and finding means of getting intoxicants," Chief City Magistrate McAdoo declared today. He said that while the figures showed a decrease in the arrests during the latter half of 1919 and the first three months of 1920, there was an increase in May and June of this year.

Magistrate McAdoo explained that under the Federal law, "as construed by the United States supreme court," the state liquor tax law, though still on the statute books, is practically inoperative and not in effect. As no license can be issued, he added, there is no necessity for police supervision to prevent infractions of the state law.

"The enforcement of the law, therefore, appears to be entirely in the hands of the Federal authorities," he added.

I will not be responsible for any bill contracted by any other than myself. J. F. TIGHE, Attorney.

HEARS CATALINA TALK AT COLORADO SPRINGS

LOS ANGELES, Sept. 29.—Wireless telephony for a radius of extending one-third across the United States has been established according to a report from Colorado Springs, Colo., which says that a wireless, telephone conversation between Catalina Island and Los Angeles was heard by Dr. W. D. Reynolds, a wireless telephone enthusiast, at that place.

"At first I thought that I had cut in on Denver telephone calls because the voices were so clear," Dr. Reynolds is reported as having stated in discussing the matter. "I could hear those voices half way across the continent as if they were right here in Colorado Springs talking over land telephones."

SMALL GROWTH IN FOUR STATES

Montana With 45.6 Per
Cent Below Former
Ratio

WASHINGTON, Sept. 29.—Four states, the 1920 populations of which were announced today by the census bureau showed gradual declines in their respective relative increases over preceding decades.

Illinois has a population of 4,437,005, an increase of 840,537, or 15.9 per cent over 1910. The state is expected to retain its rank as the third most populous state, although its 1920 population shows the lowest relative increase in the nation's history.

Montana with a population of 547,522 showed an increase of 111,540 or 45.6 per cent over 1910. This was the state's largest percentage increase but its percentage increase was the lowest, falling short of its previous lowest relative increase of 1910 by 5.9. The state ranked fourth in 1910, but passed Vermont in this census.

New Hampshire in the 1920 census was announced as 350,247, an increase of 32,946, or 10.1 per cent over 1910. The figures show the state to have made the lowest relative increase since the 1910 when the growth was 27.9 per cent. The second lowest relative increase in its history. New Mexico ranked as forty-fourth state in 1910, but passed Vermont in this census.

Delaware with a population of 157,738, increased 141,410, or 5.5 per cent over 1910. The state showed both its smallest numerical and relative increase since 1910. Its 1920 rank has not been determined.

States—Illinois, 8,458,005, increase 826,507 or 15.9 per cent; Montana, 547,522, increase 111,540, or 45.6 per cent; New Mexico, 350,247, increase 32,946, or 10.1 per cent; Louisiana, 1,797,798, increase 141,410, or 5.5 per cent.

Cook county, Illinois, containing Chicago, 4,603,007, increase 617,738 or 16.9 per cent.

(Galesburg, Ill. (reviewed), 22,531, increase 1,741, or 7.8 per cent. (Previously announced 22,782.)

Hatfieldburg, Miss. (2, 277, increase 1,237, or 12.1 per cent.

Rochester, N. Y. (reviewed), 235,750, previously announced, 235,529.

URGE PARIS AS OLYMPIC CITY

PARIS, Sept. 28.—With Paris being the Olympic city of the future, will the Olympic games be held in Paris every four years instead of taking place in various cities of Europe and America? Such is the question that is being discussed by the Parisian press and the suggestion that is being advanced by the Union of Sporting Federations in France.

The question of the attribution of the 1924 Olympic games should have been settled in Antwerp but owing to the large number of cities claiming the honor, it was decided to delay the solution of the problem until the Lausanne Congress in 1925.

A press campaign by all the Paris sporting papers, and in which all political papers like the *Lecho de Paris* and the *Avenir* have joined, is being waged to prove that the most qualified city to host the Olympic games is Paris.

At the present system of allotting the games to cities and not to countries is maintained every capital of every state in the union of the United States has a right to have its Olympic games as well as Antwerp, the newspapers argue.

"Middle of Paris the Olympic City" where every four years in a gigantic stadium, magnificent and permanent, athletes from all parts of the world would compete, it would then be possible to give to the games, the character of the Olympic games which they deserve." Such is the plea that will be sent by the Union of Sporting Federations of France, to Baron de Coubertin when the Olympic Congress meets at Lausanne.

Major W. A. Gett Dies, Sacramento

SACRAMENTO, Sept. 28.—Major W. A. Gett, one of the pioneer attorneys of the Sacramento valley, died in a hospital here early this evening as the result of injuries received when a truck struck him shortly before noon today.

H. M. Lockert, driver of the truck, was arrested tonight and booked on a manslaughter charge. A front wheel of the truck knocked Gett down and the rear wheel passed over his body. Both legs were broken and the back fractured.

MANILA CITY WALLS DISPUTE IS SETTLED

MANILA, P. I., Sept. 29.—A long-standing controversy between the city of Manila and the insular government as to the ownership of the walls which surround the ancient city, and the dispute has been decided in favor of the government. The attorney general of the Philippines, to whom the question was submitted, held that the insular government was the rightful owner of the walls.

It has been agreed, however, to turn over to the city of Manila the walls, which are to be used as a playground. Plans also have been made for the city to take over the care of the old walls, which are to be made show places by the planting of flowers and shrubbery on top of the structure, which is nearly three hundred years old.

WIRELESS STATION TO CHECK AIR MAILS

SALT LAKE CITY, Sept. 28.—A large wireless station is to be erected here in the near future for the purpose of communicating with and checking on government mail planes, according to Ray E. Brunner and Eugene Lacey, representatives of the wireless mail service, who were in Salt Lake recently. Similar stations are to be put up at Cheyenne, Wyo., Reno, Nevada, and San Francisco.

The Salt Lake station will consist of two 100-foot towers, 200 feet apart and will be built near the new municipal landing field. The plant will be manned by a force of twelve men. According to Brunner and Lacey, it is planned to equip each mail plane with wireless apparatus and to put an operator aboard.

These men will keep in touch with the station, informing them of their progress, and in this way the government mail authorities will at all times be able to ascertain just where they are. This is not possible at present, as none of the mail planes have wireless.

PINK BALLOT LAW IS DECLARED VOID

ATLANTA, Ga., Sept. 29.—Women in Missouri will not be required to cast their vote on special ballots in the November election. This is the substance of an opinion delivered to the secretary of state by Attorney General Frank W. McAllister.

The attorney general held that what is known as the "pink ballot law," passed by the last general assembly, is void and should be disregarded. The law requires that the ballots for women shall be printed on pink colored paper, hence the name of the law.

In his opinion, the attorney general said that there was no necessity for the law, that the full franchise has been granted for women by the nineteenth amendment to the federal constitution. This law merely violates the secrecy of the ballot box in distinguishing between the color of the ballots for men and women, he said.

THE CARNATION GIRLS

Will serve a delectable dish of that famous Carnation Wheat Pudding to every lady who visits Alber's Exhibit at the Fair today from 2 to 4 o'clock.

ANNETTE WRAY
Miss Annette Wray and Miss Winifred Cherry, two of Alber's famous Carnation Girls, invite visitors at the Fair to call at their exhibit and receive a dish of pudding with cream—today from 2 to 4. In the evening from 6 to 7, Miss Wray and Miss Cherry will serve pudding to the boys of the U. S. Forest Service Exhibit. A real camp "feed" will be demonstrated. Below is printed a recipe for this pudding:

CARNATION WHEAT PUDDING

To 3 cups milk at boiling point, salted to taste, add 2 cups Carnation Wheat Flakes and 1 cup raisins. Boil 15 minutes in a double boiler, then stir in one cup sugar, 2 eggs well beaten, 2 teaspoonfuls vanilla, (and if desired, 5 marshmallows). Cook 5 minutes longer, then put in baking dish and bake 20 minutes in moderate oven. Serve with whipped cream, crushed fruit, or as preferred.

Use of Horseshoe at Quoits Might Bring Him Luck

Perhaps Senator Harding thinks it might bring him luck. Recently, while visiting Marion, Harry L. Dougherty, the candidate's pre-convention campaign manager, challenged the Senator to a game of quoits.

Marion's favorite son, with the aid of a horseshoe, lived up to the expectations of his neighbors by defeating Mr. Dougherty with a "leaner."

H. M. Lockert, driver of the truck, was arrested tonight and booked on a manslaughter charge. A front wheel of the truck knocked Gett down and the rear wheel passed over his body. Both legs were broken and the back fractured.

Eye Strain is Costly

You are really causing yourself expense when you neglect your eyes. For sooner or later you will have to put glasses on—and the longer you delay, the more it is probable, those glasses will cost. And that says nothing about loss of efficiency that is inevitable where the eyes are weak—and glasses are not worn.

STATE BUDGET

\$60,000,000

Increase of \$12,000,000 Over Previous Year

SACRAMENTO, Cal., Sept. 29.—Increases of about \$12,000,000 over the 1919-20 budget will be submitted to the next legislature by the State Board of Control, according to preliminary estimates that have been made. Operation of the state government for 1921-22 will cost about \$60,000,000.

Marshall De Motte, chairman of the Board of Control, said most of the departments and institutions are asking for increases. The legislature will have to decide whether to provide for the increased expenditures or to reduce the state's obligations.

The constitutional amendment providing for extension of the school system carries on the November session, \$8,000,000 of new taxation will be needed to carry out its provisions, De Motte declared.

The state budget committee, consisting of State Controller John S. Chamber and members of the Board of Control will begin hearings October 4.

CROCKER DENIES CONTROL CHARGE

Files Answer on Magazine Company Accounting Suit

SPOKANE, Wash., Sept. 29.—That he has control of the magazine company of Valley, Wash., or is seeking to wrest such control from it, S. Talbot of this city, made in an answer filed in superior court here by William H. Crocker, president of the Crocker National Bank of San Francisco, to a suit brought by Talbot for an accounting.

Mr. Crocker declares in his answer that he was "induced by fraudulent considerations" when he put his money into the magazine company during the war, in view of Austria's control of the world's supply of "magazines" and the imperative demand of American Steel manufacturers for a supply of the material.

Mr. Talbot asks in his suit that the Sperry Flour company be required to repay a \$325,000 loan to the magazine company and that the sale of Talbot's stock to Crocker be set aside.

Dry Officer Found

Slain in Creek

ABERDEEN, Wash., Sept. 29.—Nicholas Holicki, special officer investigating moonshine cases, was slain some days ago, presumably by moonshiners. Holicki's body was found Sunday in a creek in the woods about two miles south of Aberdeen, covered with planks and grass. The officer was blindfolded. A post-mortem today showed "bullet wounds in the head and body."

Decrease Ship Board

Payroll \$5,530,372

WASHINGTON, Sept. 29.—A cut in the personnel of 3,241 employees resulting in a decrease in the payroll of \$5,530,372 during the fiscal year of 1920 was announced tonight by the shipping board. On July 1, 1919, the board stated, its employees numbered 11,194 with an annual payroll of \$22,299,616 and on July 1, 1920, there were 8,482 employees with a payroll of \$16,768,304.

What becomes of the thousands of frightened unmarried mothers blackballed to the last penny? Would you believe that there is in America an organized method for getting rid of nameless babies?

Dorothy Gansfield exposes the whole dreadful traffic in her article in Pictorial Review for October entitled "A Square Deal For The Nameless Child."

It will tell you facts almost incredible which have been proved only too terribly true. When are we going to act? When are we going to do what France did? Every wife and mother should read this awful record.

HUGHSON HAPPENINGS

HUGHSON, Sept. 29.—One of the most delightful affairs of the year was a reception given by the Hughson League to the members of the League at the home of Mrs. W. P. White, who owned a place south of Hughson, has sold it to J. J. Spencer of Sunnyvale.

The Hughson community is rejoicing at the return of Rev. Hugh Hamilton to the pastorate of the M. E. church. Mrs. Hamilton has already returned to Hughson, accompanied by her sister, Mrs. Hamilton has gone east to visit his father, who is critically ill.

A most laughable farce comedy, "The Tuba of St. Louis," will be given by the young people of the Hughson League in the Social hall on Friday evening, October 2.

Archie Gaston of Sonoma was a visitor in the happy family neighborhood Saturday.

Necessary material.

Mr. and Mrs. J. Murray Williams have returned to Taft after spending a month with relatives and friends in the east.

City Architect J. E. Wheeler has completed his work of auditing the books of the city officials, which he found to be correct.

Will Davis, connected with the Tuba of St. Louis, was stopped on his way to the city. He was brought to the home of his mother, Mrs. H. A. Hanson, in this city.

Mrs. J. Peterson of San Diego is visiting her daughter, Mrs. Walter Schmidt, and sons, Hans and Adolph Peterson, for a few weeks.

G. Hough arrived in Taft from Vancouver yesterday and plans to remain here for the winter.

P. J. Brady of the Standard Oil Company has returned from a two weeks' vacation spent in the southern part of the state.

Harry Avery, accompanied by Mrs. Avery, left for Los Angeles last evening on a few days' business trip.

Mr. and Mrs. Fred Brown are entertaining the latter's sisters, Mrs. Sullivan and children and Miss Grace McElhannon of Cleveland, Ohio.

Mrs. A. C. Parsons returned Tuesday from a visit with relatives in the northern part of the state.

CERES ACCIDENT CAUSES DEATH

Workman in Plant of Milk Concern Is Fatally Injured

CERES, Sept. 29.—A sad accident caused the death of a Ceres young man yesterday. The victim, who was working for the Ceres Milk Company, was struck in the abdomen by a separator crank and died internally. He was taken to a Modesto hospital where an operation was performed Tuesday morning, but he died during the operation. He was just twenty-one years old and leaves a bride of eight months dead. He was the son of Mr. and Mrs. J. J. Speer of Ceres and spent most of his life here. Besides the wife and parents he leaves a brother, Arthur Speer of New York City, and two sisters, Mrs. J. J. Speer and Miss J. J. Speer.

Parlier W. C. T. U. Tenders Reception

Parlier, Sept. 29.—The ladies of the Parlier W. C. T. U. gave a reception Tuesday evening at the home of Mr. and Mrs. J. L. Duran, honoring their husbands. The program was well planned and the evening was enjoyed and a late hour delightful refreshments were served.

G. W. Marsh returned from Paso Robles Sunday and has accepted an offer to be bookkeeper in the California Associated Hardware Company, here.

Mr. and Mrs. J. A. McKenney and son, Philip, moved to Palo Alto Sunday, where Philip will attend Stanford this year. Mr. and Mrs. McKenney returned Wednesday evening.

Rev. M. S. Moffat left Monday for Long Beach to attend the annual Methodist conference. Mrs. Geo. R. Briggs is also attending the conference as delegate to the Woman's Association and Lay Electoral Conference.

J. C. Hoffmann of Fresno has accepted a position here as bookkeeper for the First National Bank.

Seeks Damage in Suit Over Accident

MERCED, Sept. 29.—A truck was being driven along the left hand side of the road and collided with his car and resulted in a collision and consequent damages, according to the allegations in a suit for damages filed in the superior court of Merced county yesterday by J. T. Cowling versus J. V. Azevedo and Manuel Azevedo. The accident is alleged to have occurred near the town of Merced on July 1, 1920. Plaintiff asks for a total of \$3,000, covering repairable damages and lost time and irreparable damages. The plaintiff is represented by W. I. Titus, attorney of Turlock.

Contract Is Awarded For Tulare Sidewalks

TULARE, Sept. 29.—A contract for the paving of 25,000 square feet of sidewalk leading the new Wilson and Roosevelt grammar schools were awarded to the Tulare County-Union Company, as the lowest bidder, by the city trustees at a special meeting held last night. Four other bids were submitted, the accepted bid being 23 cents per square foot for the grading and concrete work.

Thirty per cent of the cost will be paid from the city street fund, the other 70 per cent by the assessor's levied and made upon the property benefited by the improvements.

Work on the sidewalks will commence immediately in order to have them ready for the winter weather.

Cars For Fruit Are Now More Plentiful

HANFORD, Sept. 29.—For the first time since the drought came in near Tehachapi, enough cars have been secured to meet the demands of local green grape growers. Over 200 cars of grapes left Hanford tonight for eastern markets in refrigerators. Railroad officials declare that there is not little danger that as serious a shortage of cars will occur here again as the one just passed through in the fruit shipping was practically a standstill.

BURGLAR IS SENTENCED

HANFORD, Sept. 29.—Jose Olivas, charged with burglary, was today found guilty by a jury and sentenced to an indeterminate term in San Quentin. Olivas appeared as the witness in his defense, claiming that the things alleged to have been stolen were found.

WATER BOARD HOLDS MEETING

Directors Meet at Turlock; Divide Bond Issues Into 20 Series

TURLOCK, Sept. 29.—The board of directors of the Turlock Irrigation District met in regular session Monday. The following demands were made and allowed: John A. Carlson, living canal, \$10,000; Anna Sorenson, expenses, \$2,000; total, \$12,000.

At the meeting, the board divided the bond issues into 20 series. The board also considered the application of the State Bond Commission for the bond issue of the Turlock Irrigation District for the construction of the dam and reservoir of the Don Pedro Irrigation Project and the San Joaquin River Project.

WEDDING UNITES COUPLE IN CERES

CERES, Sept. 29.—At the Congregational church in Ceres, September 27, Miss Bertha Alice Dunneau and Alfred Alexander of Patches, San Benito county, were united in wedlock. Rev. J. E. Atkinson read the service and the bride and groom were present. The bride is the daughter of Mr. and Mrs. G. H. Dunneau of Ceres. The groom is the son of Mr. and Mrs. A. A. Alexander of Patches. The wedding was a simple affair and the couple left for their home in Patches.

Drop Into Cellar at His Home and Dies Before Doctor Arrives

REDFORD, Sept. 28.—H. G. Paul, a well-known citizen of Redford, died in a cellar at his home near Redford at 8 a. m. Wednesday morning. His neck was broken in the fall. Dr. C. H. Fraher was called but Paul was dead before the doctor arrived. Paul was a married man and leaves a wife and three children. Funeral arrangements will be announced later.

Damage Action Is Brought Against Bank

MADERA, Sept. 29.—A suit has been filed in the superior court by the Madera National Bank against the Madera National Bank for the sum of \$10,000. The complaint states that \$10,000 was placed in escrow with the bank to be used for the construction of a certain work; that the work was not completed, but the money was paid to the bank; that in consequence of this payment the bank was liable for the loss of the money.

NEWS BREVITIES OF PATTERSON

PATTERSON, Sept. 29.—Mrs. H. H. Patterson, who has been visiting in the city, will leave for her home at Berkeley.

Mrs. L. H. Patterson and daughter, Joyce and June left for Palo Alto Monday, where Mrs. Patterson will make a home for her.

Mrs. M. L. Patterson returned to her home at Modesto after a visit with the family of Mr. J. E. Patterson.

Progress Is Made On Highways in Merced

MERCED, Sept. 29.—Highway work in Merced county is going forward without abatement. The grading outfit which has been at work on the Livingston-Wood section, completed the work and has removed the material to the Merced-Lodi section. The Merced-Lodi section is now being graded and a half mile has already been laid of the track and by Monday it is expected that the entire section will be in readiness to receive the cement. Sept. 29.—News from the Merced-Lodi section is that the work is progressing well and that the material is being delivered to the site.

Turlock Man Dies Following Operation

TURLOCK, Sept. 29.—Joseph Lee, 55, of Turlock, died at the hospital following an operation on his stomach. He was taken to the hospital on Monday and died on Tuesday. He was a well-known citizen of Turlock and leaves a wife and three children.

WILL COLONIZE MERCED LANDS

Modesto Men Take Big Tract Near Merced; to Bring Settlers

MERCED, Sept. 29.—An important deal with a promise of much benefit to Merced and vicinity was consummated at Awater yesterday when George T. Parr sold 500 acres north of the Franklin school house on the San Joaquin to Mr. H. M. Carson, of Modesto. The land is about 500 acres and is located on the San Joaquin river. The new owners will immediately begin the colonization of the tract and expect to bring in from forty to fifty new families within the next year. An order has already been placed for a power line, and a large tract and leveling machine will be put to work in the tract. The tract is located on the San Joaquin river and is about 500 acres in size.

Report Snow Flurries at Huntington Lake

HUNTINGTON LAKE, Sept. 29.—Mr. and Mrs. Geo. Carr have returned from a picnic at Huntington Lake. They report a snow flurry at the lake on Friday last, when about an inch of snow fell. The lake has more water now than it did this time last year. The Carrs are now in the hills at Huntington.

Miss Mabel H. DeWitt and Mrs. A. B. Carr are guests of Mrs. W. G. Carr at Huntington. The Carrs are now in the hills at Huntington.

Will Develop Large Mine of Magnesite

EXETER, Sept. 29.—E. Durfee of Los Angeles was in Exeter yesterday looking after his mining interests on Rocky Hill. Mr. Durfee and associates have a lease on 500 acres on Rocky Hill and have a large crew of men at work there now taking out the magnesite ore. It has been a well-known fact for several years that the magnesite on Rocky Hill near Exeter is the richest ever found in the United States, and probably in the world, as it carries from 85 to 90 per cent carbonate of magnesia. A recent set of Congress placed a duty on imports of magnesite which has made it profitable to mine this ore again in the United States. Previous to this time the imported magnesite was carried to New York as ship ballast for 20 cents a ton, and was sold at Exeter to New York for \$15.00 a ton.

MERCED WOMAN GIVEN DIVORCE

MERCED, Sept. 29.—A final decree of divorce, the custody of her 5-year-old son, Joe, and \$10 a month for the support of the boy, were granted to Mrs. Ella Hall in her suit against Harry Hall, in the superior court of Merced county yesterday. The plaintiff is well known in this county. She lives at Stockton. She was represented by Blomquist & McCray.

Postum Cereal Co., Battle Creek, Mich.

Many housewives will order mayonnaise at the restaurant but not make it at home. Why?

PROBABLY because many still have the idea that mayonnaise is lots of trouble to prepare.

Or that they cannot make good mayonnaise—or that it won't "keep."

None of these reasons keeps the woman who knows Mazola from making her own mayonnaise every week.

Mazola being an absolutely pure vegetable oil, blends the ingredients perfectly and imparts its own delicate flavor to the dressing—which will keep for weeks without separating.

Once you try Mazola you will prefer it to olive oil. It not only equals the finest imported olive oil, but costs about half the price.

Mazola is served by leading hotels, clubs and dining cars throughout America.
